PROFILE

Enthusiastic Information Technology student passionate about AI, cybersecurity, and emerging technologies. Eager to apply technical skills, learn continuously, and contribute to innovative IT solutions

INTERNSHIP EXPERIENCE

GONEX INNOVATION 11 DAYS

- I learned the fundamentals of front-end web technologies such as HTML, CSS, and JavaScript, and understood how modern websites are built and maintained. This experience helped me improve my technical skills and provided valuable exposure to real-world web development practices.

NEXT SKILL PVT (Cyber security) 15 DAYS

- I gained basic knowledge of cyber security concepts, network security, and web application security. I also learned about tools such as Nmap and different techniques used to identify vulnerabilities in systems. This internship helped me understand the importance of protecting digital systems and enhanced my practical skills in the field of cyber security."
